ATLAS MARKET SIGNALS

UK procurement signals

Public research summary · 16–22 November 2026

Atlas counted 2,099 dated release records across 1,914 distinct contracting process identifiers on the Find a Tender public API.

Planning, tenders and awards

229 records had a planning tag, 400 a tender tag and 1,195 an award tag. One release carried both planning and tender tags. A record count measures published activity. Several releases can refer to the same procurement.

What to do with it

Follow planning and engagement notices for timing and supplier opportunities. Read the current official notice before acting on deadlines, eligibility or contract status.

Method and reuse
